## Studio COVID-19 Precautions Updated 9/14/21

Hello Dancers and Parents,

We are looking forward to another fun dance season! Below are the COVID-19 precautions that will be in place.

- **Masks required:** Masks are now again required at all times in the studio. Please make sure face masks cover both your nose and mouth and will stay snugly on your face while dancing.

- **3 Feet Apart most of the time:** In general, we will try our best to keep everyone 3 feet apart. We will have spots marked on the floor for waiting in line to go across the floor and have students spread out while taking a drink from their own water bottles. However, when entering and exiting the studio and when moving formations during routines, dancers may get closer than 3 feet in passing.

-**Contact Choreography:** on each dancer's registration form you can let us know if they can do partner parts, lifts, etc. touching other dancers or if they cannot and we may choreograph some of those in.

-**Sanitizing:** Our staff will be sanitizing the dance floor, the bathroom and high touch areas each day.

-**Stay home if dancer or anyone in contact with dancer has symptoms:** If dancer's have any symptoms or if dancers have come in contact with anyone sick, please be sure to keep them home.

-**ZOOM:** We will still have Zoom available for anyone that is not comfortable taking class in person or for when families need to stay home for symptoms or quarantining. If you would like the Zoom link, please email us and let us know and we will send you the link. It will be the same link used all year but let us know when you will be on Zoom otherwise we will not Zoom the class.

We really appreciate your continued support! Thank you very much!
