INSPIRED TO DANCE

Hair and Make-up Details for Dress Rehearsal and Performances

- **Masks:** We are planning on letting the dancers perform without their masks at dress rehearsal and the showcases if they would like to. However, the theatre reserves the right to change that at any time and require masks the whole time. Dancers will be required to wear their face masks the entire time while off stage. **Please send them with a plastic baggie with their name on it.** Right before they go on stage they can take off their mask and place it in their baggie and on a table right off stage, then as soon as they walk off stage they will grab their baggie and put their mask back on. We will be giving them all matching black disposable face masks at dress rehearsal and the showcases that they will need to wear. This way they will match in photos taken off stage and for any of our dancers that want to keep their mask on while performing, they will be in the matching black masks.
- **Hair:** All females need to have their hair **parted on the dancer's left side, slicked back into a low ponytail with an elastic that matches their hair color.** (Some dancers may have specific hair accessories that go with their costume, please see your individual class costume instructions below for those.) Dancers can choose curled or straightened hair for their ponytail, but the important thing is that the hair in front is neatly slicked back with gel and hairspray to ensure it stays slicked back the entire time while dancing. *Company team dancers need to have straightened hair for the ponytail.

- **Costumes:** Please make sure that all performance items are in perfect condition, clean and wrinkle free. Be sure to write the dancer's name or initials somewhere hidden from the audience on each part of their costume so it will not be lost or mixed up with their teammates.
- **No Polish/Jewelry/Glitter/Straps:** No glitter, jewelry, toe nail polish or fingernail polish is allowed. Also, no bra straps or underwear can show. Please make sure dancers are secure and no cleavage is showing. If they need to wear a bra, they need to wear one that does not show at all.
- **Make-Up:** Female dancers need to have their own make-up on: foundation, red shade of lipstick, pink shade of blush, black eye liner, eye shadow and black mascara. For eye shadow, use a brown/black shade of shadow for the crease of the eye and use a cream/tan highlight shade of shadow for under the brow and lid. *Company dancers do company make-up.
